## **Professional Summary**

I'm a Full Stack Developer with over 7 years of experience building web and mobile apps, mostly in fast-paced startup environments. I love working on both the front-end and back-end, and I'm comfortable with modern tools like React, React Native, Next.js, Laravel, and Node.js. My focus is always on creating high-quality, user-friendly solutions that scale well and perform even better. I enjoy tackling tough problems, learning new tech, and helping teams grow by sharing what I know. Whether it's building something from scratch or improving existing systems, I'm all about delivering results that make a real impact.

## **Professional Experience**

### **Full-Stack Developer**

*Combosoft Ltd, Dhaka*

02/2023 - Present

- Spearhead a technical team, overseeing project timelines, and ensuring best practices in development.
- Manage cloud infrastructure and server deployment using AWS to ensure scalable and secure systems.
- Continuously research and implement emerging web technologies to improve product efficiency and functionality.
- Lead efforts to maintain, upgrade, and improve existing codebases while mentoring junior developers.

### **Front-End Developer (Remote)**

*Glostars, Finland*

02/2021 - 04/2023

- Led the front-end team to create a smooth and engaging user interface, focusing on user experience and accessibility.
- Utilized Tailwind CSS for efficient, responsive, and customizable UI design.
- Managed deployment pipelines and infrastructure on AWS, ensuring smooth and reliable rollouts of new features.
- Worked closely with cross-functional teams to ensure seamless integration of front-end and back-end systems.

### **Full-Stack Developer**

*eDorpon Ltd, Dhaka*

08/2020 - 05/2022

- Developed and maintained dynamic, data-driven applications using PHP (Laravel), MySQL, and JavaScript.
- Designed and implemented custom websites with ReactJS and Next.js, improving load times and user experience.
- Built mobile applications with React Native and Expo, contributing to seamless mobile experiences.
- Integrated RESTful APIs to enhance app features and support various device functionalities.

## **Skills & Technologies**

- Backend: PHP (Laravel), Node.js
- Frontend: ReactJS, Next.js, Tailwind CSS, HTML5, CSS3, JavaScript
- Mobile Development: React Native, Expo
- Databases: MySQL, PostgreSQL, MongoDB
- Version Control: Git, GitHub
- Cloud & DevOps: AWS (Amazon Web Services), CI/CD Pipelines
- Tools & Libraries: Redux, Zustand, Webpack, Nginx
- CMS: WordPress

## **Education**

Diploma in Computer Science

*Narsingdi Polytechnic Institute*

2014 - 2018

Bachelor of Science in Computer Science and Engineering

*Uttara University*

May 2019 - Sep 2022

Grade: 3.53/4.00

## **Projects & Achievements**

### ***Real-Time E-Commerce Platform***

- Developed a full-stack e-commerce platform using ReactJS, Node.js, and MongoDB.
- Integrated payment gateways and inventory management systems to ensure seamless transactions and real-time stock updates.
- Delivered a user-friendly interface and optimized performance for high traffic.

### ***Mobile App for Transportation Company***

- Led the development of a React Native mobile application for a transportation company.
- Enhanced user engagement by simplifying ride-booking features and improving the overall user experience.
- Collaborated with cross-functional teams to deliver the project on time and within budget.

## ***Notable Websites Developed***

- **Top Brand Outlet:**

An e-commerce platform offering branded products with a focus on user experience and performance.

<https://topbrandoutlet.co.uk/>

- **Connexus IT:**

A professional IT services website showcasing the company's offerings and expertise.

<https://connexusit.ie/>

- **Ummahsoft Ltd:**

A software development company website highlighting their services and portfolio.

<https://ummahsoftltd.com/>

## **Languages**

- Bengali: Native
- English: Fluent

## **Personal Interests**

In my spare time, I enjoy exploring new technologies, contributing to open-source projects, and staying active with coding challenges. I'm also passionate about mentoring junior developers and sharing knowledge with the community.
